

How to Register for **GO CORNHOLE**

The emphasis for the **GO Cornhole** registration process is to keep it as simplistic as possible. The main decision for a new player is to determine if you want to be a “**Captain**” (to start a new team), an “**Invitee**” (to join a team using a Team Invite Code), or a “**Free Agent**” (an individual player assigned to a team).

After that, registration is just a few steps away from being complete. For each respective registration option, the following provides more information to register:

A) Registering as a CAPTAIN:

1. From the **GoCornhole.com** home page, access your city’s web page under the CHOOSE A CITY drop-down.
2. Review the leagues available for registration under the UPCOMING SEASON section and determine the league you would like to play.
3. Click the “SIGN UP” button.
4. The web registration process takes you through each step to gather your personal information, provide selection to your preferred league, provide an option to register as a Captain, create a team along with a team motto, team invite code and choose your team color, and the payment process.
5. Once your payment is complete, you are able to invite friends to your team via the **GO!** team invite system. Additionally, at this step, you are able to select to auto-send reminders to your invite list.
 - i. If you choose not to use the team invite system, you should email your ‘Team Invite Code’ to your friends who you would like to register and play on your team.
6. After registration, you can log into your Player Profile from your city’s **GO Cornhole** page to access your profile and team information.
7. As the Captain, you will be notified via email when a new person registers for your team. Additionally, Captains have access to all team members’ email addresses and can email the team throughout the season. We encourage Captains to choose a communication tool such as email and group texts or an app, such as GroupMe, throughout the season.
8. Once registration is closed, **GO!** will finalize teams and create game schedules and you will receive a welcome email from **GO!**.
9. Captains should arrive 30 minutes early before your first game to receive your team’s t-shirts.

B) Registering as an INVITEE:

1. From the **GoCornhole.com** home page, access your city’s web page under the CHOOSE A CITY drop-down.
2. Click the “SIGN UP” button.

3. The web registration process takes you through each step to gather your personal information, provide an option to register using a team invite code and automatically add you to the respective team, and the payment process.
4. Once you complete registration, you are done. At that time, you can log into your Player Profile from your city's **GO!** page to access your profile and team information. Team members have access to their Captain's contact information.
5. Once registration is closed, game schedules are created and you will receive a welcome email from **GO!**. Captains will receive your team t-shirts at the first game and will distribute prior to game time.

C) Registering as a FREE AGENT:

1. From the **GoCornhole.com** home page, access your city's web page under the CHOOSE A CITY drop-down.
2. Review the leagues available for registration under the UPCOMING SEASON section and determine the league you would like to play.
3. Click the "SIGN UP" button.
4. The web registration process takes you through each step to gather your personal information, provide selection to your preferred league, provide an option to register as a free agent, and the payment process.
5. Once you complete registration, you are done.
6. Once registration is closed, **GO!** will finalize teams and free agents will be assigned to their team at that time. As a free agent, you will be notified via email that you have been placed with your team. You will be able to log into your Player Profile and view your team information. **GO!** will create game schedules and you will receive a welcome email. Captains will receive your team t-shirts at the first game and will distribute prior to game time.

If you have any further questions regarding registration, use the Contact Us form that can be accessed at the bottom of each webpage.

Cheers,

The **GO!** Team
